

**Our partnership with
Deep Recording Studios**

If you are serious and considering a career in the music and sound industries, Deep Recording Studios is the place to be. In partnership with Kensington and Chelsea College, Deep offers City & Guilds 7503 Sound Engineering and Music and Studio Technology Levels 1, 2 and 3 as full industry based diploma certificates.

Courses are delivered to you by recording professionals working in the industry. They are designed to give students a balance of practical and theoretical knowledge of the standards required by the present music and sound industry.

The Deep Studios facilities have a category 'A' status via APRS and full state of the art broadcast/recording equipment installed for training in all skills related to studio and sound engineering techniques, live sound and acoustics, music technology and first hand, up to date industry knowledge.

Deep Studios training programmes are monitored and approved by JAMES (Joint Audio Media Education Services) FE centre accreditation (Patron: Sir George Martin) and are a fully approved National City & Guilds Centre. Enrolling September and January each year.
